King Henry VIII and his court came to Chateau Woodland's dining room Saturday night to stage a feast for supporters of the Haliburton Highlands Guild of Fine Arts. The event was highly successful,

providing plenty of entertainment and fun for all who took part, including members of the Dick Turpin Players, who kept the evening lively.

Manpower situation bleak

Job seekers could face a difficult summer official says

The manpower situation in Haliburton County does not look too bright this summer, although students seeking summer employment will probably have a better chance to find a job than people seeking more permanent employment.

Jayne Heppleston, the coordinator of the Haliburton Highlands Outreach Centre, says that the job market shows very few signs of improving for the next few months.

"I'm disappointed," Heppleston said. "There isn't much construction work going on this year. Things just don't seem to be opening up."

"Things look reasonably good for the students, however," Mrs. Heppleston added.

Heppleston says the county has a fair amount of unemployment for this time of

year. She noted the employment situation normally begins to improve around May 24 but this year things are still quite slow. "Whether things will begin to swing around about July 1 is the question now," Heppleston said.

Heppleston observed that people seem to be doing more repair-type work these days instead of raising new buildings. "All the big construction jobs just don't seem to be around any more," she said. "If you don't see that kind of work going on you can guess that the unemployment situation is bad."

Heppleston thinks that many people may have returned to their employer from previous years this spring but as yet few new job orders are coming into her office.

She noted that people can help the Manpower-Out-

reach office provide more efficient service if they keep the office abreast of job developments.

"One of our biggest problems is people not letting us know when they've started work," Heppleston said. "It makes things a lot easier if people call back and let us know if their referrals turned out or if they've found work by themselves. It would help if employers called in as well to let us know that their job orders were filled."

Heppleston said the job situation for students is not that bad mainly due to the many government programs designed to create summer work for young people. She noted that employers can be partially re-imbursed for the wages of the students they hire, up to a maximum of six students.

Another source of students' jobs is the resort

industry and many local businesses employ large numbers of students during the summer. "The Skyslide, for instance, is one of the largest employers of summer help," Heppleston said. "It employs 31 students and that number may go up."

In order for the employment situation in Haliburton to improve dramatically, "we need a huge development," Heppleston said. Barring that there are a few projects in the works which may alleviate the depressed nature of the local economy.

One such project is the proposed hospitality training programme the Haliburton Highlands Hospitality Training Committee (HHHTC) is trying to promote. On May 28 funds were made available by the Local Employment Assistance Programme (LEAP) to study the estab-

Please turn to Page 2

Tax bill is \$2,000,000

1982 taxpayers must find an extra 10 per cent

Anson, Hindon and Minden taxpayers will shell out almost \$2 million for municipal, board of education and county coffers this year.

Taxes amounting to \$1,920,342 will be raised to meet spending for the 1982 fiscal year. The total represents an approximate increase of 10 per cent for both residential and commercial properties.

The municipality requires \$1,167,863 to operate this year, up from last year's actual figure of \$971,728. To reduce the taxpayer's burden a 1981 surplus of \$103,231 was deducted from the new budget requirements. Some \$30,000 was transferred from the municipal parks' reserve fund as well, \$25,000 was earmarked for Minden Square and \$5,000 for a truck. Local property taxes will total \$1,034,632 to municipal purposes.

The board of education levy is \$756,280 this year, up \$64,330 from 1981's actual figure.

The county's levy also increased by \$5,167 to \$131,224.

The biggest increase in residential mill rates came in area one where special taxation rates covering streetlights, fire and water protection, were doubled. Property taxes will jump 47.617 mills to 504.262 mills, a 10.43 per cent increase. In area two, mill rates will rise 9.89 per cent or 41.617 mills to 462.262 mills. In area three, a 9.57 per cent increase will add 40.117 mills for a total of 459.262 mills. In area four,

42.117 mills or 10 per cent will be added to last year's rate, bringing the total to 463.262 mills. In area five, mill rates have jumped 8.48 per cent or 35.117 mills for a 1982 figure of 449.262. In area six 1982 mill rates stand at 466.262. This year one mill raises \$2,678.

Commercial rates will rise by the same percentage as residential figures.

Commercial rates in area one were upped 56.020 mills to 593.250 mills, a 10.43 per cent increase over last year. In area two, the mill rate was increased 48.961 mills or 9.89 per cent for a total requisition of 543.838 mills. Businesses in area three will face a 47.196 mill increase,

bringing the 1982 figure to 540.308 mills. In area four, the 1982 mill rate is 545.014, an increase of 49.549 mills or 10 per cent. Area five businesses will see an increase of 41.314 mills to 528.544 mills. In area six, the 1982 commercial rate is 548.544 mills.

Assessments dropped in 1982 to \$2,678,077 from \$2,693,665 in 1981.

Most municipal departments got only inflationary increases but council included some provisions to cover future project costs in the budget.

In addition to the \$25,000 allocated towards the establishment of Minden Square (suggested in a recent

CAUSE architectural study), \$20,000 has been directed towards mainstreet improvements and \$10,000 will be placed in a reserve fund for an official plan or other planning documents.

Council opted to increase taxes in special areas to cover streetlighting, fire protection and water, rates that changed little in recent years. In 1982 special area rates will be \$32,451, up from 1981's actual figure of \$16,481.

As well as regular increases in costs, 1982 will bring additional election expenses estimated at \$6,000, up from \$4,657 in 1980.

Council increased an

Housing project planning starts

The joint housing committee has begun planning its first construction project in the village of Minden.

Following a suggestion made by Ministry of Municipal Affairs and Housing, the committee opted to build a 20 unit senior citizens complex. According to committee chairman Ed Pergolas, the ratio of one bedroom to two bedroom apartments

will depend on the wishes of the local senior citizens. In fifty per cent of the units rent will be geared to income.

The committee has applied for a \$3,000 grant to cover the cost of soil testing, plans and administration charges. The application is expected to be considered by the provincial government this month.

Under the housing pro-

gram, the construction or maintenance of the housing project will not burden the taxpayers of the three co-operation townships, Lutterworth, Stanhope and Anson, Hindon and Minden.

When the committee has the seniors' project well underway, it hopes to finalize plans to allow 13 family units, including detached and semi-detached houses, in Minden village.

The old Minden library was moved from its lot on Peck Street, last Friday morning. At its new site, behind the Minden Cultural Centre, the building will be restored and used as a museum.

Students learn about environment

Haliburton poster contest winners tour the Leslie M. Frost Centre

Twelve students from Haliburton County elementary schools had an opportunity to investigate some of the mysteries of a northern lake last Thursday.

The twelve students were the winners of Environment Ontario's Haliburton poster contest. As part of their prize the outstanding contestants received a day-long trip to the Leslie M. Frost Centre where they toured water and

sewage treatment facilities and took a boat trip on St. Nora Lake to participate in water sampling tests.

Environment Ontario has held similar contests over the past six years. This year the ministry's staff visited more than 300 students in the Haliburton area. About 140 grade five and six students from three Haliburton area schools submitted posters on environment and pol-

lution topics as a result of the visits.

"In the winter we visited local schools with a presentation," said ministry official Don Maitland. "Later we had the children develop posters on environmental issues, whether they think it is good, bad or indifferent."

In addition to the tour of the Frost Centre the students each received a certificate of merit and a Keep Ontario

Beautiful badge.

The 12 outstanding contestants were: Dwayne Cooper, Mike Carr, Josie Klockhoff, Kim Hicks, Olga Kleihauer, Aaron Davis, Tim Burk, Tanya Willis and Cindy Dunham from Archie Stouffer Elementary School in Minden, Beverly Covert from Cardiff Elementary School, and Philip Thomson and Paul Robinson from Haliburton Highlands Senior Elementary School.

Students from local public schools enjoyed a day at the Leslie Frost Centre last Thursday learning about

protection of the environment.

Local group gets assistance from the province

A local group has received a tentative nod from the government which could lead to new jobs for the Haliburton area.

The Haliburton Highlands Hospitality Training Committee (HHHTC) has been studying the feasibility of setting up a course for potential employees of the hospitality industry since last fall.

On May 28 the provincial government gave approval for the release of funds which will enable the group to hire a consultant to look into the situation more fully.

Barb Bolin told The Echo the consultant will complete the initial stages of the plan. He will look at the local industry and the prospective students in order to evaluate whether there is a sufficient basis on which to develop the training programme.

"Basically the government decided to spend a small amount of money now to see if there is a reason to spend a large amount of money later," she said.

The funds were made available through the Local Employment Assistance Programme (LEAP) a government organization normally involved in industrial training programmes.

"It has been recognized provincially that there is not much training available for prospective employees of the hospitality trades," Bolin said.

Officials in other branches of the government had expressed serious doubts over whether the Haliburton group would receive any funds from LEAP for the proposed programme so the HHHTC was exceptionally pleased by the announcement.

The consultant, who should be retained within the next few weeks, is expected to take six weeks to prepare his report. If the report is favourable the HHHTC will be able to approach LEAP for firm commitment to the proposed training course.

Snowmobilers to be charged

Local club adopts user-pay system for 1982 season

The Haliburton County Snowmobile Association (HCSA) has decided to adopt a user-pay system for the 1982-83 season.

Last winter 90 per cent of the snowmobilers using the club's extensive trail system were not members of the association, according to HCSA president Tom Prentice. "We collected a fee on a voluntary basis last year," Prentice said. "Seven hundred users on top of our regular members paid for the use of the trails."

The HCSA receives no government support to maintain its trails and the club's executive cannot see any other way to continue to operate their system.

Under the user-pay system every snowmobiler on the trails will be asked to pay a ten dollar fee for a tag which will allow him to use the system for seven days. The HCSA will police the trails and individuals using them without displaying the tag may be charged with trespass if they are on private land.

People found using trails on crown land cannot be charged with trespass but the HCSA has submitted a proposal to the government which would allow the association to stop people on crown land as well.

Local property owners are behind the user-pay system "100 per cent," according to Prentice. "They are more than willing to support us."

Local businesses will have the seven day packages available for people who wish to use the trail for a limited period of time. The yearly memberships will still be available but the HCSA has not yet set this year's fee.

"The directors feel that this will solve the many problems with funding and it is a fair way for all snowmobilers to enjoy their sport," Prentice said.

"With government cutbacks and nine out of ten snowmobilers not contributing directly to the club, trail building clubs are left with no alternative."

Victoria-Haliburton will get Young PC association

A Fenelon Falls woman is starting a Young Progressive Conservative Association to serve Victoria and Haliburton counties.

Iori Raymond, who is organizing the young PCs, hopes to have the association in full operation in the next few weeks. "We will be having our inaugural on the nineteenth of June," Raymond said. "It will take the form of a golf tournament and dinner-dance."

An executive will be elected and a constitution will be adopted at the inaugural meeting, as well.

The purpose of the organization, according to Raymond, is to stimulate a greater interest in political

issues among the young people of Victoria-Haliburton, to discuss and make known the policies of the Progressive Conservative party and to assist in the election of candidates.

"The organization can act in many ways," Raymond said. "Basically it provides involvement in politics for people under 19 years of age who cannot vote."

The association will serve both the federal and provincial ridings of Victoria-Haliburton including the areas around Lake Simcoe which are part of the federal riding but are not in the provincial district.

"It is a large riding,"

Please turn to Page 2

Briefly ...

Occurrences investigated

Personnel at the Minden OPP detachment were kept busy the past week investigating 80 general occurrences. Those investigations included nine thefts, eight break and enters, six liquor infractions and two damage complaints.

Six motor vehicle accidents also were investigated. Only three people received minor injuries.

Dock is dismantled, burned

With only a two inch square piece of charred wood in his hand, a Gull Lake cottager travelled to the Minden police detachment to report his dock was missing and presumed burned.

Police say there were indications the dock was dismantled and used as firewood by fishermen during the winter. There have been other complaints from cottagers to the police this spring concerning debris left scattered on the ice after the ice huts were removed.

The Ministry of Natural Resources is attempting to identify hut owners so that police investigations may continue with the possibility of charges being laid against the guilty parties.

Teenagers caught at scene

Eight cottage break-ins were reported throughout the county this week with the largest theft amounting to \$775. Taken from the various locations were a diamond ring, two shotguns, a watch and an amplifier.

While police were investigating one break-in, four 16 and 17 year olds returned to the cottage in the owner's boat. The teenagers had been living at the cottage for a few days and have been charged with break and enter.

Two vehicles collide

Two vehicles collided on Highland Street in Haliburton village when one attempted a right turn into a private driveway but instead ran into a car that was passing on the right.

John Hoxie, 69 of Dysart Township was attempting to turn his 1976 Chevrolet when the accident occurred Saturday evening. Hoxie's car received \$1,000 damage. A 1973 Oldsmobile driven by Barbara Ann Hanson, 33 of Main Street, Haliburton, received an estimated \$1,200 damage.

Hansen was charged with improper passing on the right.

Toyota misses curve

A 1971 Toyota missed a curve on Newcastle Street in Minden and ran off the road into a car parked in a driveway early Sunday morning.

The driver, Mavis Leitch, 19 of Stouffville and her passenger, Lisa Henderson of Caledon Township, were treated at Minden hospital for minor injuries. Damage to the Toyota was estimated at \$2,000.

Leitch was charged with impaired driving.

June honours senior citizens

Ontario's Senior Citizens will receive added recognition this spring as the whole month of June has been proclaimed Senior Citizens' month. The announcement was made by

His Excellency the Governor-General of Canada Edward Schreyer.

Some provinces already honour their older people during May and June each

Please turn to Page 3

Tennis courts at Haliburton Highlands Secondary School will soon be a reality. Work has been

underway for the past few days. Here pavers were surfacing the new tennis area.

Snowdon discusses finances

At the regular meeting of Snowdon council on May 12, the following matters were considered:

Copies of the 1981 financial return were distributed to council and the township's auditor, Mr. W. Carter, discussed the various sections of the report with council.

The township has asked the Provisional County of Haliburton to undertake a classification review of the Gelert-Irondale road, provided that the cost of the review is between \$400 and \$600.

Township Reeve Bob Vick

was the only member of council to oppose the resolution.

The quotation of Canam Oil Services to supply and apply of 10,000 Imperial Gallons of used oil dust layer for the year of 1982 at a price of 77.35 cents per gallon was accepted subject to the approval of the Ministry of Transportation and Communications.

The Township ordered the following welding equipment from Oxy-Weld Ltd., Lindsay: a Victor Deluxe Super-Range Outfit for \$333.10, and a 230 amp Arc Welder,

complete with accessories for \$229.95.

Township Reeve R. Vick opposed the purchase on a recorded vote.

A road voucher in the amount of \$4,130.90 for the month of April, 1982 was approved for payment.

The Road Superintendent was instructed to purchase culverts with couplers and bolts as required.

Councillor F. Simmons voted against the purchase.

The Township has decided to abandon its appeal against the apportionment of county rates and levies for the year 1982 as set forth in By-law 1164 of the Provisional County of Haliburton.

An application for participation in the Ontario Home Renewal Programme was approved by council, with Councillor F. Simmons declaring a conflict of interest in the item. He did not participate in discussion or vote on the application.

General accounts in the amount of \$7,619.02 and social assistance in the amount of \$773.40 for the

Minden budget now set, taxes increase 10 per cent

from page 1

emergency fund to alleviate the cost of borrowing money at high interest rates. In 1981, only \$15,000 was directed towards a provision for working capital but in 1982 \$123,625 will be kept aside. In 1980 the actual working capital provision was \$95,726.

Costs of operating the Ingoldsby dump have jumped this year to \$4,500 from \$1,966, because a caretaker works at the site two to three days a week. The municipality's cost for environmental services will decrease however, because the un-

conditional grant to the water and sewer departments was reduced more than 50 per cent. In 1981 the municipality donated \$36,000 in unconditional grants to the system in an attempt to reduce financial difficulties. This year a \$15,000 grant is required.

The municipality has increased its request for funds to cover general welfare assistance. As a buffer in case the general economy does not improve, council increased the fund from \$35,402 in 1981 to \$45,000 in 1982.

County council has meeting

At the May meeting of Haliburton County council, the following matters were considered:

Finance Chairman G. Lewis reported inspection of accounts by the Committee and recommendation for approval.

Deputy Reeve John Francis declared interest in Account No. 249 and refrained from discussion and voting.

Accounts were approved in the amount of \$89,261.22.

The Clerk was requested to arrange a meeting with the Hon. Claude Bennett to discuss the County Council resolution passed in March

relative to Apportionment Guarantee Grant.

By-law 1178, a by-law to consent to the passing of a by-law by the Corporation of the Township of Lutterworth to close, stop up and convey portions of the original shoreline allowance for road fronting lots 7, 8, 9 and 10, Concessions I and II along the perimeter of Davis Lake in the Township of Lutterworth, was passed.

Belinda Brown was appointed as the non-municipal representative for County Council on the Children's Services Committee.

The Haliburton Highlands Chamber of Commerce office was expanded and improved last Thursday. A section of a portable office was added to the present structure to increase office and information lobby area.

The Ontario Farmstead Improvement Program.

DO YOU QUALIFY?

Upgrade your fences and outbuildings this year and generate local employment with help from a Farmstead Improvement Grant worth up to \$2000.

Ontario will pay half the cost of eligible improvements (\$2000 maximum grant per farming operation).

ELIGIBILITY
You're eligible if the value of your farm production is at least \$12,000 or if you own and farm a minimum of 40 hectares (100 acres). Eligible improvements include:

- new and replacement wire fencing
- outbuildings improvements

(painting, roofing, siding, foundations) • removal of derelict buildings

All improvements must be done by local labour or contractors and materials purchased before the end of 1982.

HOW TO APPLY

For further information and to obtain application forms, write or phone your local Ontario Ministry of Agriculture and Food (OMAF) office. Deadline for applications must be date-stamped no later than midnight December 31, 1982.

County council holds meeting

from page 2

Haliburton County declared the week of June 20 to 26 Senior Citizens' Week. County Council expanded the Forest Management Committee and add Mac Peters and Bob Vick to work with Elgin Stouffer. The Committee is to bring proposals for the September meeting for further education and perhaps stronger encouragement for policy to be properly administered under the Property Tax Rebate.

Senior citizens recognized

from page 2

year, but this will be the first national celebration of Senior Citizens' month. Health and Welfare Minister Monique Begin, whose department funds the New Horizons program for senior citizens, will officially open the month.

Winners of the Great Annual Typing Contest held recently at Haliburton Highlands Secondary School were, back row from left: Cathy Howe, Wendy Gough (teacher), Nancy Bagg, Mike Fitton, Michelle McKelvey, Kim Brown, Sue Vucksic. Front row, from

left: Sheila Harrison, Melanie Rutter, Tara Davis. Prizes were courtesy of Stedmans (Haliburton and Minden), Inside Edge (Haliburton), and Dixie Lee (Haliburton and Minden).

A,H,M agrees with snowmobile grass races

At the most recent meeting of Anson, Hindon and Minden council, the following matters were considered:

LeRoy Lichty was present on behalf of the Haliburton County Snowmobile Association.

Council had no objections to the Haliburton County Snowmobile Association holding snowmobile drag racing events on the grass in the upper portion of the Minden Fairgrounds on September 18 and 19, 1982 provided that the area is left in a clean and tidy condition. The municipality will not be held responsible for any liability which may incur. The approval is subject also to the approval of the Hal-

iburton County Agricultural Society.

Dave Stevens attended regarding closing the original road allowance through the Golf Course. Resolution 82-152 and by-law 82-18 were passed.

Council requested that negotiations be undertaken with the Ministry of the Environment to have the responsibility of operating charges of the Minden Water System transferred to the township and the reserve funds returned to the township.

Council had no objection to B.K. Graham's application for a minor variance to construct an addition to his cottage 35 feet (10.7 m) from the

normal high water of Lot 9, Concession 9, in the Township of Minden.

Dave Willis was present regarding his application for an exemption to by-law 78-51. Council decided that whereas an application has been received from Pollard-Willis Ltd. to exempt the Rockcliffe Hotel (Tavern) from the provisions of By-law 78-51 on the basis that the Rockcliffe Hotel (Tavern) is traditional and should therefore be listed under Section 6 of said by-law; and whereas 18 letters and one petition have been received by the townships, objecting to the approval of the exemption; therefore the application not be approved for the balance of the year 1982.

Council requested the Land Division Committee to renew original application #H-403/76.

Council had no objections to Bill Barber's application, on behalf of Browndale Camps Ltd., to dump sand and gravel in Gray Lake fronting part lot 4, Concession 12 of Minden Township. The approval was given for beach purposes and is subject to the approval of the Ministry of Natural Resources.

Jim Potter was present representing himself in an application to rezone a portion of Block A to R4 to be added to part 1, Rd. plan 53 and deed the balance of Block A to the township. David Bishop also attended representing his client, the proposed purchaser of the new parcel of property.

By-laws 82-121 and 82-22 were passed.

Council requested the Land Division Committee to renew original application #H-403/76.

Council had no objections to Bill Barber's application, on behalf of Browndale Camps Ltd., to dump sand and gravel in Gray Lake fronting part lot 4, Concession 12 of Minden Township. The approval was given for beach purposes and is subject to the approval of the Ministry of Natural Resources.

Council accepted the re-

signation of J. Shapiera from the Board of Management for the Business Improvement Area and Dr. J.A. Purc was appointed to fill the vacant seat.

Council accepted the quotation of Wm. Simmerson, General Contractor to move the old library from its present location on Peck St. to the new location behind the Minden Library and Cultural Centre for the sum of \$2,500.

Council agreed that the policy with respect to closing lakeshore road allowances shall apply in this instance to property owned by Harry Totty in part lot 2, Concession 1 in the Township of Anson.

The Clerk was authorized to issue a cheque to Seaboyer Truck Sales in the amount of \$856 for one used dump box hoist.

The Reeve and Clerk were

authorized to execute the Transfer and Grant of Easement to Ontario Hydro with respect to the road allowance closing Lot 5, Concession A and Lot 1, Concession 2, Township of Minden.

By-law 82-18, a By-law to close, stop up, and convey part of the original shoreline road allowance along the shore of Mountail Lake in front of part of Lot 7, Concession 8, and Lots 6 and 7, Plan 522, in the Township of Minden, was also passed.

By-law 82-20, a by-law to close, stop up, and convey part of the original allowance for road along the shore of Kashagawigamog Lake in front of Lot 29, Concession 6, in the Township of Minden, was passed.

By-law 82-21, a by-law to amend By-law 82-11, being a restricted area by-law, was passed.

At its most recent meeting, Galway / Cavendish council considered the following:

Minutes of the Roads Committee meeting of April 30, 1982, were approved as presented.

Minutes of the Galway Platoon of the Galway Cavendish Volunteer Fire Department meeting of April 25, 1982, were accepted.

Minutes of the Health and Sanitation Committee meeting of May 6, 1982 were accepted as presented.

Chief Hickey's policy pertaining to the "Fire Department Personnel Attendance at Practise and Business Meetings" was received. The Policy is as follows: A member of the Fire Department, who does not attend a business meeting or practise sessions of the Fire Department for a period of three months, without a leave of absence approved by the Fire Chief shall have his name

removed from the roster. The Probationary Period for new members of the Fire Department shall be six months.

Kelly Anderson's resignation from the Galway Fire Department was received and a letter of appreciation for his contribution to the Department and community will be sent by the clerk treasurer.

Severance B-27-82 (Peter Pearson, Conc. 13, lot 8 Galway) was supported as it is an addition to an already existing lot and will conform to the North Kawartha Official Plan and Zoning By-law 78-43 when completed. Approval was granted subject to Policy 81-2 being applied.

Severance B-39-82 (Karen Baily and Charles Arstad, Conc. 1, lot 29 Cavendish) was supported as to confirm and clarify existing ownership which has existed since 1959. Approval was granted subject to Policy 81-2 being applied.

By-law 82-18, a by-law to adopt the estimates of all sums required during the year and to strike the rates of taxation for the year 1982, was passed.

The clerk was authorized to prepare an amending by-law to Sign By-law 78-31, Section 2.

The clerk was authorized to prepare an amending by-law to Sign By-law 77-12, Section 7, Penalties and Fees, etc.

A grant of \$25 was made to the Kimmount Horticultural Society for their annual flower show held in August.

The clerk treasurer was authorized to sign the maintenance agreement for office equipment with Complete Business Systems Ltd. for 1982.

The Reeve was authorized to reply to Peter Bernard Assoc.'s questionnaire per-

taining to County and further that a set up with the fire Reeve to enable the quality's position to County Planning be expressed in Council applications from the Culture and Recreation committee to co-ordinate and Mrs. Hugh Hitchens in Anniversary Day that was Hall #2, Cavendish on Highway 5, 1982.

The Reeve was authorized to sign working to Page 14 of the Crystall Hill lot 26, Concession 11 G Ministry of Natural Resources (Crown).

The Reeve was to proclaim the June as "Senior Citizens Tenders for a tank were opened at 1 p.m.

Four truck tenders received and referred to Roads Committee for evaluation and recommendation to Council. The truck tenders received were as follows: Holiday Ford Sales - \$68,664.04; Holiday Ford Sales - \$68,664.04; Holiday Ford Sales - \$70,150.27; J.W. Fison Motors - Barrie, \$65,702.2; Winslow Gerolamy Motors Peterborough, \$65,374.86.

Effective May 25, 1982, a number of driver licensing and vehicle-related fees were increased.

The main driver-related fee to be increased is the complete Class "L" licence and road test from \$12 to \$20. And if upgrading your driver's licence to a higher class, the fee for the complete test is being raised

On passivity

Personne kept busy th occurrences, thefts, eight fractions and Six motor vestigated, injuries.

Dock all towns, and the newspapers that serve With only are sometimes accused of being too wood in his hial; of focussing on local issues while the Mindening the larger world. But a community view was missing, not be a narrow one, and the lessons to be Police said from neighbours and friends can make dismantled est of the world more comprehensible. during the e power of the people's voice is nowhere complaints fro readily seen than in local politics. That same concernin er could be used to influence the decisions of the ice huer governments. But it is seldom exercised The Mond the boundaries of town or county. ing to Citizens who speak out are essential to the investigassroots functioning of democracy. When their charges ckles are raised, many local people don't sitate to have their say. A glance at the Letters to the Editor column in this week's issue will prove that the community has articulate spokesmen for opposing points of view.

Eight When the people make issues public, local out th political bodies must listen. Councils and school amou boards may not like what they hear from local ratepayers and parents, but they cannot remain wa deaf to complaints.

for The same is true of other governments. And yet, with few exceptions, citizens feel powerless in the face of provincial and federal decisions. Those governments are so large, so impersonal, so profligate in their spending and so baffling in their policies that individuals are struck dumb. A person who will speak out about arcades or a board of education decision would not think to vent his or her spleen on Frank Miller or Allan MacEachen. Yet Miller and MacEachen are every bit as accountable to the people as are local councillors and trustees. Their mandates come from the same source and the funds they spend come from the same pockets.

Local people are far from passive about local issues. How much better the country would be if all Canadians were as vocal about issues that affect their collective well-being.

The fair way

The Haliburton County Snowmobile Association has taken a positive step in announcing that it will impliment a user-pay system on its trails next year. The decision may not please some people, but it is fair to the majority, whether they ride snowmobiles or not.

For many years, taxpayers' money has been handed to snowmobile clubs across Ontario for the construction and maintenance of trails. The funds helped build an excellent trail system in Haliburton County, and provided a needed boost to the winter economy. Once the trails were in place, however, it was no longer reasonable to expect every citizen to fund the pleasures of a few, so the province announced that grants would be cut off.

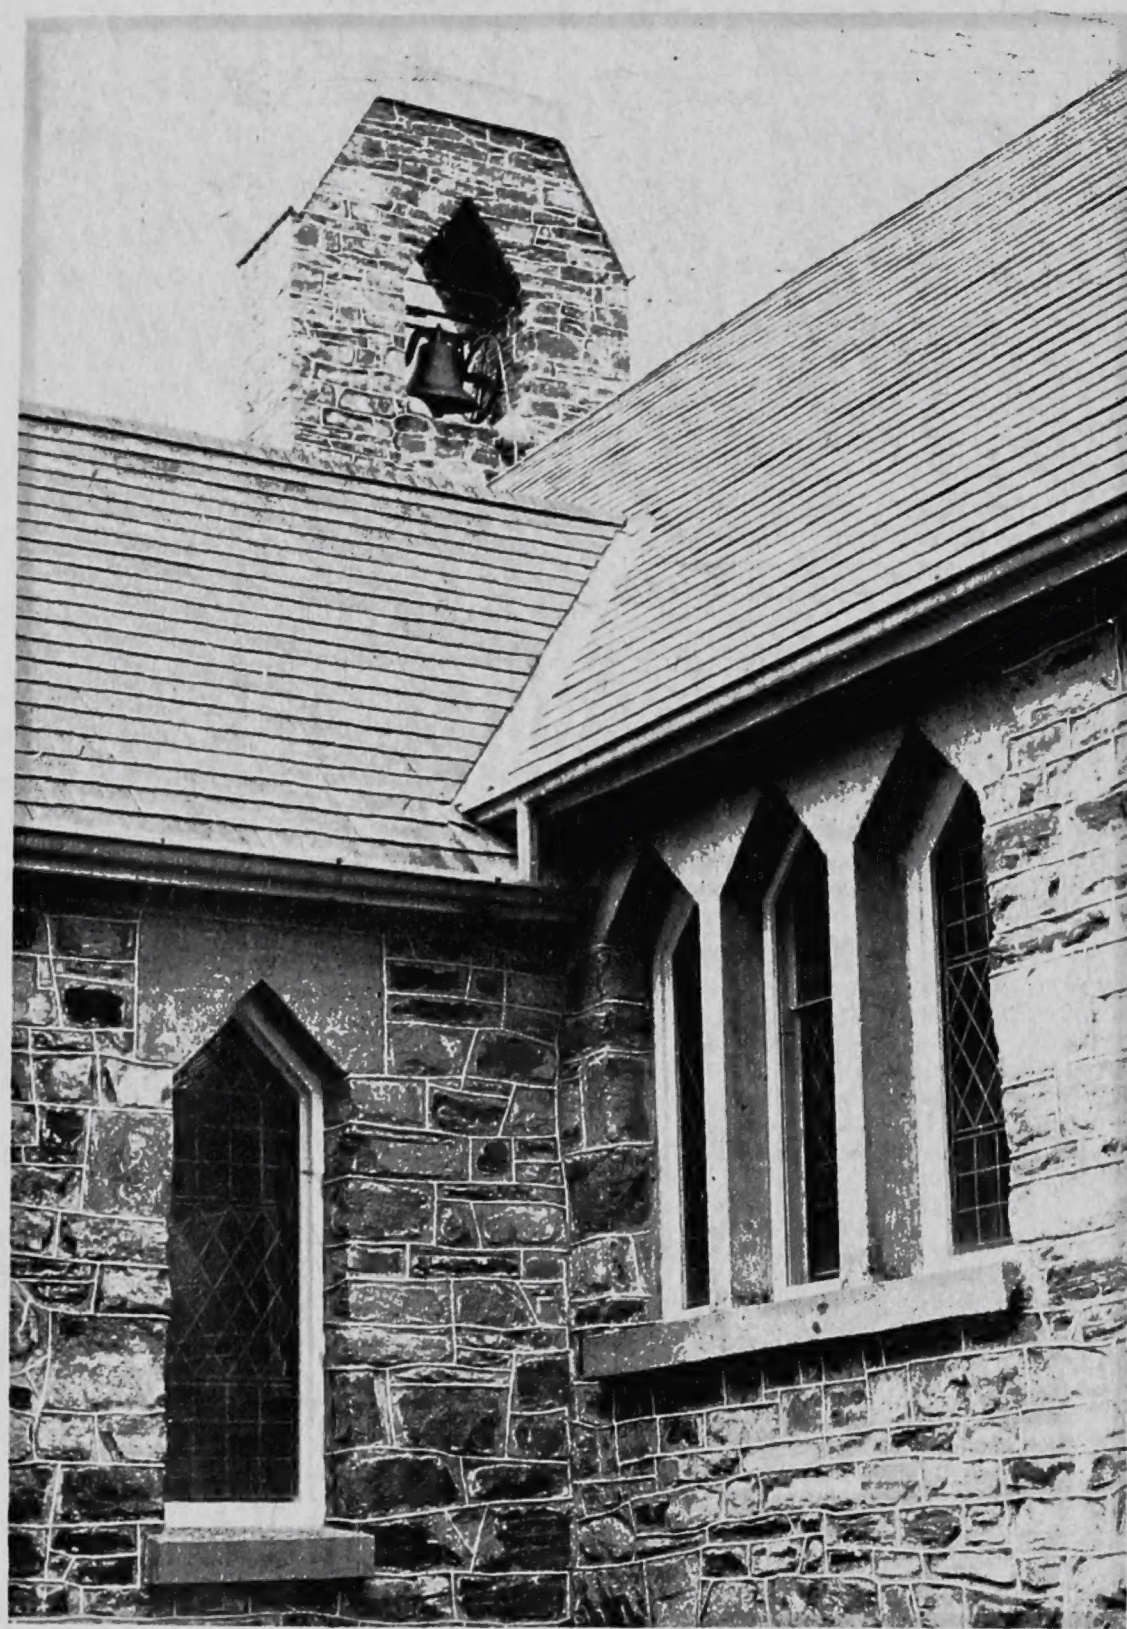

Trail grooming suffered last year, as the HCSA struggled to make up for the lost grant with a membership drive. Now, its user-pay system should ensure that trails are groomed, and that those who use them, fund them.

Yes or no

More than a year ago, the Haliburton County Board of Education was asked to consider implimenting school bus patrols. The request stemmed from concern about youngsters crossing busy highways to board or embark from stopped buses. Information from the OPP indicated that despite swing out stop signs purchased by the board and installed on all buses, motorists were passing stopped vehicles and endangering youngsters' lives.

The board was reluctant to pursue the matter when it was first presented, balking at possible costs and legal complications. The matter was left in limbo, and as yet, no formal decision on i. has been made.

But the issue is as valid today as it was a year ago, and if the board is opposed to school bus patrols, it should place that stand on the record.

'Listen to a kid's view': teenager

Letters to the Editor

To The Editor:

I am writing in response to Dysart's recent by-law banning people under 16 years of age from using video arcades. I think it is unfair to the younger people because few people abuse arcades, and of them, half would be over 16.

The majority of children just visit arcades to have an occasional game of Space Invaders or Asteroids. Many adults feel children go there to buy dope, plan parties, etc. but I don't know where they get that idea. If people are going to do that kind of thing, they will do it anyway. Banning them from arcades only puts them on the streets where they can get into more trouble because of lack of supervision.

In my opinion arcades are an ideal source of enjoyment, and not only that, they improve a person's coordination and reflexes. I think it's about time they listened to a "kid's" point of view for a change.

Tony Hartin [age 14]
RR2 Haliburton

To the Editor:

When I read of Dysart council's decision to allow arcades on the main street I was both appalled and angry. Appalled at the irresponsible vote of three councillors and angry at myself for having helped in some small way to elect them to council.

The latter mistake can, fortunately, be rectified at the time of the next elections. The arcade problem however, is now part of our future and I feel the men who chose to inflict such a useless business on our community, should explain their reasons for doing so.

Was there information available from other towns harbouring arcades as to the possible effects of such an enterprise? Was the OPP asked for data on problems surrounding arcades? Did they actually, somewhere, find some favourable aspect? Will such a business improve the main street or the village in general?

The argument, of course, is that arcades are an innocuous pastime for young people. The actual playing of the machines may be a harmless way of wasting time and money but one would have to be very naive to accept it as just that.

The danger lies in the many peripheral problems of such a venture, noise, litter, property damage and petty theft to name just a few.

I have lived here for thirty-six years and it has been a wonderful place in which to raise my family and I want to see it stay that way for my grandchildren.

We must speak out for the things we value and believe in, we cannot afford to be apathetic and

condone, by our silence, such a grievous error on the part of council.

I am sure the great majority of people in our area are as angry as I am and I hope they will voice their concern to their elected representative. Councillors are elected to serve the municipality and its people in the best possible way. If this is an example of their 'best', then we are surely in dire straites!

Yours sincerely,
Peggy Neville
Haliburton, Ont.

To the Editor:

I am writing with regard to your editorial comment of June 2 regarding the balloon. I would just like to express my disappointment with the way council has handled what is, or could be, a great drawing card to our community.

I feel that some on council are not willing to accept change or support new ideas. I do believe, however, that those who are not in agreement with council's actions have a right and an obligation to work toward change. It's too bad that issues like this one are forgotten when election time roles around.

Please give serious thought to re-running your editorial comment re: the balloon later this year.

Yours truly,
Carole Craigmyle
Haliburton, Ont.

To the Editor:

I am not a disinterested party. But before you rant and rave, let me also state that I do not care for electrified amusement games, whether there are one, two, six, or twenty-five.

I am the mother of a teen-age boy who was mesmerized by them for awhile. That's what I have against them. That and the fact that they do a good job of eating up a youngster's allowance.

What I dislike more than these machines is reporting that is obviously one-sided and prejudiced. The article concerning the passing of the arcade by-law was so slanted, it made Steven Bowskill sound like a money grubbing, lecherous ogre.

You even made a point of mentioning that a "Wes Good (businessman)" hoped to open a "proper arcade and supervise and police it properly." Is this to insinuate that Mr. Bowskill wouldn't? It sure reads that way. It says "drunkenness, rowdiness, drugs, and foul language would not be tolerated in his establishment, Good said." It reads like you expect these would occur in Mr. Bowskill's establishment.

Nearly every week, there is an accident involving a teenager who was driving while impaired. Yet I don't see anyone hollering to close down the brewery or liquor control board.

Isn't it true that if a youngster is a troublemaker, we should be concerned about the troublemaker, not the arcade?

Feir Play

Creighton Feir

It won't be too much longer before we will be wondering what we are going to be doing here in the Highlands of Haliburton in what we call the good old summertime. For those who will be coming here to vacation and to those who live here the year round, it means different things when it comes to recreation. For most of us it means that time of year when we can go swimming, play golf, tennis, baseball, go boating and water skiing, hiking, and, oh yes, even hockey at the local arena. These are only a few of the different things that one can do here during those sunshine summer days. From now until the end of August we can look forward to thousands of visitors coming into the Highlands of Haliburton to either camp, stay at a resort or a motel, visit relatives or stay at a cottage. In looking over the coming events in the Highlands for the summer of 1982, I can assure you of a summer packed full of practically every kind of entertainment in all parts of the Highlands of Haliburton. The summer is really a beautiful time of the year with nice warm weather that gives everyone interested the opportunity to take part in outdoor sports, go swimming or boating or just plain hike and walk through the bush. In other words, it's just a wee bit of heaven here on earth. We really have it all here just waiting for your arrival so why not come along, bring the entire family and enjoy two or three months of nature at it's ruggest best. Let's face it, we are in the midst of a recession; jobs are hard to come by and interest rates and gasoline prices are high. It may be harder to make a dollar this summer and the people visiting us might just not have the same number of dollars to spend. There will be the usual battle for the tourist dollars between us and the other areas so this is why more than any other year we as citizens must go out of our way to welcome them into our midst and make them feel at home. When the vacationers do arrive here in the Highlands of Haliburton how they are treated and how they are welcomed here will depend a great deal on people just like you and me. If they like it here they will stay, spend money and, we hope, return another year. It's up to each and everyone of us no matter what business we may be in to see that these visitors get the service that they deserve when they come on a holiday. I have always felt that in the past, the kind of service that we have been delivering leaves a great deal to be desired and that if we are going to live by our slogan of "We Treat You Royally" we will have to sharpen up in this area. We all depend a great deal on the tourist dollar whether it be directly or indirectly. Let's always keep this in mind.

According to Pat Brennan in his column Cottage Country which appeared recently in the Toronto Star, if there is any winner in the latest INCO strike, it will probably be cottage country. Superstack, INCO's 1250 foot high chimney in Sudbury, will be shut down during the strike which is expected to last all summer. In this column the writer goes on to say that Superstack pumps out 2,500 tons of sulphuric acid a year and a lot of it returns to earth in the Muskoka and Haliburton areas in the form of acid rain. "From what we can learn there was an immediate decrease in acid rain in the Sudbury area during the last strike at INCO, but we did not measure change in the Muskoka and Haliburton areas at that time," said a spokesman for the Ministry of the Environment. "This time we have a lot more measuring instruments deployed in Muskoka and Haliburton and we expect to see an appreciable difference in the lakes if the strike is a long one," said the spokesman.

The members of the Rotary Club of Haliburton have been working for many months planning for this year's annual Summer Carnival which will be held in Haliburton on Wednesday and Thursday, August 4 and 5. This year's parade theme is Pioneer Days in Haliburton County and this year's parade will be held on Wednesday with arm wrestling and a dance in the curling rink. Some new features will be added to the Thursday line-up of events including a water show, Pepsi challenge, Labatt's Foot Race, and entertainment at the new band shell at Head Lake. This will take place between 7:30 - 9 p.m. There is also talk of a Horseshoe Tournament at the new park in the afternoon with a beef barbecue. A dance will follow at the curling club at 9 p.m. featuring a live band.

Former Toronto Argonaut star Richard Lewis will be the guest speaker at the Full Gospel Businessmen's Fellowship dinner to be held at the Royal Canadian Legion Hall on Friday evening, June 18 at 7 p.m. Richard Lewis was raised in Portland, Oregon, and after graduating from University he was a professional football player for eight seasons. In 1980 he played for the Toronto Argos.

Marvin Varty of Varty Jewellery and Gifts Limited at Haliburton has received a plaque from the Quarter Century Club of The Ontario Watchmakers Association in recognition of 25 years of continued membership in The Ontario Watchmakers Association. Congratulations Marvin.

Just a reminder here that there is less than a week left to buy your tickets on the early bird draw. The draw will be held on Tuesday, June 15. This is just a little bonus to all those who buy their tickets early on the Rotary Club of Haliburton's big draw for the 1982 Chevrolet Camaro which will be drawn at the annual Rotary Carnival on August 5.

VIEWPOINT

Pic of the Past

THE OLD MILL, 1899, MINDEN, ONT.

Our thanks this week to Stewart (Spike) Welch of Kinmount, Ontario for submitting this photo showing The Old Mill at Minden, Ontario in 1899. Gull River emptying from Horseshoe Lake, tumbles down for a stretch only to break into a complete falls, one mile north of Minden village. Sightseers, who approach the south bank overlooking the gorge and Orillia Power Plant, see three enormous stone wheels. How few under-

stand, that these stone wheels are memorials of a once thriving business. The Minden Flour and Grist Mill, once situated on the north and the saw mill on the south bank connected by the bridge built across these falls on what was then the "Allsaw Road". These stone ground the flour and other home grown grains, which was a convenience and blessing to the early settlers of the area.

The Chamber installs new building

From the Chamber

by Bob Stinson

Sorry We Missed You...

The Chamber Column was missing from the paper again last week since we were away in Hamilton attending the Ontario Chamber of Commerce annual meeting and convention. The program went from Sunday noon through to Tuesday evening and was jammed with excellent speakers and a very thorough policy session.

It was, however, one of the smallest Ontario Chamber Conventions, in terms of numbers, that has been held in many years. The Community Chambers were in attendance in good numbers but the Corporate members were conspicuous by their absence. Outside of those on either the Board of Directors or the Ontario Chamber or representing a Community Chamber they just were not there.

The Ontario Chamber is also having some difficulty getting the kind of financial support from this sector that they once enjoyed.

At the annual meeting some discussion took place concerning the financial concerns of the Chamber and how best to rectify the current problems. It is hoped that more emphasis in future will be placed on small business and the Community Chamber as a result.

It is not hard to see why the Corporations did not support the Convention in these tight economic times. They tend to view the function as a social get-together that could be deleted from their budget without significant loss. The Community Chambers on the other hand have always considered them a working session at which they

can bring together their views and concerns of a Provincial nature to put before the politicians in Queen's Park. This year that is the area that was concentrated upon.

Chamber Gets A New Home

Our apologies if you were trying to reach us last Thursday. The portable building that was purchased to provide some much needed working

More letters to the Editor

from page 4

ble-maker, he or she will be one whether Steven Bowskill's "ARCADE" is opened or not.

I personally hope he removes the machines for the reasons I stated earlier. But I do think it's just about time someone said "Thank you Steven Bowskill, for bringing some tourists and their money into Haliburton, for the benefit of all the "businessmen". And thank you for giving about thirty people, most of them local teenagers, jobs and keeping THEM off the streets.

The citizens of Haliburton would do well to remember just which councillors chose to allow an out-of-towner open a "hole in the wall arcade" while refusing to allow a local taxpayer to fly a balloon.

Also, I'd like to see this paper reprint the by-law concerning arcades, so that we can all see to it that it is obeyed to the letter. There must be some noise made to let said councillors know that we won't allow them to pass any easements of the by-law.

Thank you Mr. Pizze, for being more fair in last week's column.

Virginia Muenzel
Haliburton, Ont.

To the Editor:

On Friday night, I along with several other parents in this community took their children to see the Walt Disney film playing at the Molou, "Robin Hood". It is great to see some family entertainment in town, and as it happens so seldom, the show was indeed packed. Due to the prevailing horror, violence and sex in the majority of the movies offered to the viewing public, it is getting harder and harder as parents to guide our children and their movie viewing. I was therefore shocked again, for this is not the first time it has happened to have to sit through previews of the up and coming horrors during the intermission. Surely this is not necessary or warranted.

The previews that we saw for "It comes without warning" and "Quest for Fire" are not directed at the primary age audience and therefore in my opinion should not be allowed to be shown during movies that are listed as family entertainment.

Do we have to make more laws to prevent this kind of viewing being forced upon us? Is there not a moral obligation for those running movie theatres to limit this? Surely the posters outside the theatre are more than explicit enough to advertise to those wishing to see these kinds of movies without subjecting those who do not wish to see this type of entertainment.

Linda Beachli
Haliburton, Ont.

To The Editor:

The Board of Education declaration in the Grade three transfer issue "we (the board) have been more than fair" is grossly inaccurate.

I question the board's initial handling in November, 1981 when they passed the motion. The board failed to consult their primary specialist for her opinion of the implications of such a move. Nor did they discuss the move with any of the parents. Was the further delay of

notifying the parents in anticipation of parent reaction thus limiting parents time to respond?

When parents finally became aware of the move the committee they organized made very logical representations to the board. They simply wanted to know if the move was in the best interests of their children. Were the children being put in the most ideal situation or were they being taken out of it?

It has become obvious that the motive(s) for the move has more to do with keeping the Senior Elementary School at capacity for administrative efficiency. The children are secondary considerations and will have to fit in. As evidence of this the chairman has stated that the board had to "bend over backwards" and had to "make major concessions" to diminish the concerns of the parents.

If the board's primary focus is in the best interest of the children then why was it necessary to make these major concessions only after intervention by the parents?

When parents met with the board committee to detail their concerns, the committee invited the senior elementary school principal in an attempt to pave the way for the transfer. If the committee were open-minded to the concerns the parents were raising; if they were dealing in good faith, they would also have invited the Victoria St. School principal to this meeting. They only met with Mrs. Gorrie at the repeated insistence of the parents who themselves were excluded from this meeting. Later committee members evaded parents' questions as to the details of their discussion with Mrs. Gorrie.

No matter how many logical questions parents asked; no matter how many suggestions they made, the board retreated behind such superficial excuses as "there are many extenuating circumstances".

When the board ran out of vague answers, when the board was told that Victoria St. School did not want to lose the Grade 3's and had to make plans to accommodate them, board members responded in a derogatory attack on parents accusing them of "refusing to change" and as being "problems" to the board.

Well, there certainly is a problem. The parents, in fact, have not received a fair hearing. The board did not show good planning in the best interests of the children at the outset. The board has demonstrated incompetence in dealing openly and honestly with the parents. They continue not to present coherent reasons for the transfer and have insulted parents who question the move. They should resign in disgrace.

Paul Dillon
Haliburton, Ont.

To the Editor:

It unfortunately appears that the local school board has missed the point of its existence. I was under the impression that in a democratic society

an individual was elected by his peers to represent their wishes regardless of his own personal opinion of what was best, or right or wrong.

It was clear in this issue (moving Grade three to the senior elementary) that the majority of the parents involved did not want their children moved (regardless of the pros and cons). Therefore, if the board was acting as it should as an elected group of people representing the wishes of the community, it had no choice but to cancel the proposed move. But no, this group decided in its wisdom that the parents don't know anything, they know everything, and tramped roughshod over the democratic rights and wishes of their electorate.

How much more of this callous and arrogant attitude of elected officials and their over-paid "civil servants" are we, the people, going to put up with? To quote a letter sent to the parents and signed by one of the aforementioned civil servants J. Douglas Hodgson "Regardless of your attitude towards this move"...we are going to do it anyway. Mr. Hodgson, to you I say this is a crock of manure.

And to the Haliburton County Board of Education I say this: We, the parents of the children entrusted to your care, the reason for your existence, the people who elected and hired you, do not want this change. You choose to make it anyway.

We are sick of the arrogant attitude towards the rights of the citizen in a democratic society. This is an election year. It should be an interesting campaign.

Wilberforce defeats Minden

Carnarvon gives up 33 runs in fifth loss of the season

by HELEN BURK

Monday evening the Minden Dixie Lee team travelled to Wilberforce to face the much improved Wilberforce team. Wilberforce got three runs in the first and second innings and kept Minden to only one run up to the fourth inning. The Minden team got six runs in the fifth inning to take the lead 7-6.

Wilberforce came up with four big runs in the bottom of the sixth and only allowed Minden one run in the top of the seventh to win their first game of the season 10-9.

Wilberforce was led at the plate by Kim Mumford and Jo Olszenski. Nelda Cully had a good night for Minden. Gail Rowbottom got the win while Anne Hewson took the loss.

Haliburton hosted Carnarvon Monday and finally got their bats going to come up with a 26-6 win. They were led by Sheila Elston, Betty Whiteway and Wanda Scott. Pam Iles and Miriam Smith shared the win.

West Guilford travelled to Minden to take on the Juniors. The Juniors, who got a strong pitching effort from Cheryl Dillon, gave West Guilford their first defeat of the 1982 season. Darlene Pettis, Wendy Ballantyne and Tara Davies led the way for the Juniors. Final score was 7-3.

Tuesday night saw the two Minden rivals playing at Minden with Dixie Lee trying to make amends for losing the night before in Wilberforce. At the end of the second inning Dixie Lee had a 2-1 lead before getting seven runs in the third. They went on to win the game 12-3. Nelda Cully registered five strike-outs to take the

win. Barb Barnhart, Marg Fielding and Judy Jackson were the stars for Dixie Lee. Andrea Burk was the losing pitcher.

West Guilford played host to Haliburton and lost their second game of the schedule 6-5. Nancy Maughan started her first game of the season on the mound and came up very strongly. Bethany Woods and Merry Berry knocked in the runs for West Guilford. Joan McKay took the loss.

On Wednesday night Wilberforce travelled to Carnarvon. They came up with a strong effort to defeat Carnarvon 33-10. Gail Krupla, Kim Mumford and Sue Walto each scored five runs for Wilberforce.

Standings: West Guilford: P6, W4, L2, Pts.8; Minden Dixie Lee: P6, W4, L2, Pts.8; Minden Jrs.: P6, W4, L2, Pts.8; Haliburton: P6, W3, L3, Pts.6; Wilberforce: P6, W2, L4, Pts.4; Carnarvon: P6, W1, L5, Pts.2.

A Carnarvon batter sizes up the Haliburton pitcher

Deer hunting season will change for 1982

The extension of an Ontario-wide Wildlife Management Unit (WMU) system has resulted in important changes in deer hunting areas in parts of agricultural Southern Ontario, Natural Resources Minister Alan Pope announced recently.

The new WMU system will serve as a basis for present and future hunting seasons, harvest control and the collection of wildlife management data.

The following changes have been made for the 1982 season:

In the Parry Sound, Muskoka and Haliburton areas, the resident and non-resident deer hunting seasons will run from November 1 to November 6.

Resident shotgun and muzzle-loading firearm seasons in units with controlled hunter numbers will run this year from November 1 to

November 4 in the same areas of Southern Ontario where it was permitted last year.

Hunters applying to hunt antlerless deer should consult the 1982 deer season map to determine the correct WMU number for their hunting area. Maps will be available from license issuers and ministry offices. This is particularly important in agricultural Southern Ontario where there are some changes from last year.

Applications for 1982 antlerless deer tags may be obtained by purchasing a resident's or a farmer's deer license. These will be available in mid-June.

Hunters who wish to take part in a controlled hunt should contact the appropriate district office of the Ministry of Natural Resources.

Lake levels rising due to recent heavy rains

Continued dull, rainy weather during the past week has occurred over most of the Trent and Severn Watersheds, as well as Haliburton County. The reservoir lake levels increased by 1.7 per cent since May 25, ending the month of May at 97.4 per cent, a figure just above average for the last ten years. The flow of the Gull River has been held near minimum over the past week to ensure filling the reservoirs, but should be increased soon as the lakes fill and surplus water is run off.

The Burnt River flow has doubled over the past week due to the rainfall and the release of some surplus water.

The rainfall has necessitated an increase in flow down the Otonabee River

from 60 to 107 cubic metres per second in order to reduce the surplus of water on the Kawartha Lakes, which are all slightly overfilled at this time. On the Trent River, from Rice Lake down to Trenton the flow is near the maximum for safe navigation. At Glen Ross (Lock 7) the flow on June 3 was 227 cubic metres per second.

Lake Simcoe-Couchiching just reached the full level during the last part of May, and has remained nearly constant at two centimetres over the rule curve level of 219.10 m over the past week.

The Black River flow was constant over the week at about 12.5 cubic metres per second, and was only slightly less than the 16 cubic metre per second outflow from Lake Simcoe-Couchiching.

Kennedy Surplus defeat Motormen

Haliburton Lumber nails Legion 1-0 for Nicholls' third win of season

Kennedy Surplus ran Curry Motors off the road in men's softball action last Thursday. The Kennedy team beat the Motormen 16-9 despite the valiant efforts of Curry Motor's pitcher, Andy Salvatore who struck out eight opponents.

In the first inning Kennedy Surplus' Brian Mulholland was walked to first and stole second before being batted in by Jeff Carpenter with a two base hit. An error by Motormen Al Cooper put Kennedy Surplus' Neil Sisson on first at the start of the second inning. Sisson stole two bases before being brought in by team-mate Scott Cooke.

Curry Motors rallied in the bottom of the second with Art Dawson, Peter Scheffee, Cooper and Merv Mintz, all scoring.

The Motormen's two run

lead was short-lived as the Kennedy team scored nine runs over the next three innings to take a commanding seven point lead.

Dwight Sisson and Roy Burke earned runs in the early part of the third inning to tie up the contest for Kennedy Surplus. In the fourth inning Mulholland, Dwight Sisson, Burke and Neil Sisson earned runs for the Kennedy team but the star of the inning was Bernie Upton who hit two runners in before being brought in by Derwin Barry's two base grounder.

In the fifth inning Mulholland and Carpenter scored runs for Kennedy Surplus.

Scheffee's two base hit at the bottom of the sixth inning brought Dawson and John Parish in for the Motormen, reasserting their presence

after a dry middle three innings.

The seventh inning saw a brilliant start for the Kennedy team as the first five men up to the plate scored runs for the team. Carpenter, Dwight Sisson, Greg Bishop, Dwayne Lewis and Neil Sisson all ran in for the Kennedy team.

Runs by Motormen Salvatore, Dawson and Parish were not sufficient to stop the Kennedy team and the game ended with Scheffee chopping one to the shortstop.

The final score was Kennedy Surplus 16, Curry Motors 9.

In a make-up game, Hal-

iburton Lumber squeaked by the Legion 1-0 last Thursday. Errors by the Legion's catcher and shortstop allowed Lumberman Bob Johnston to take the only run of the game in the third inning.

In the bottom of the sixth Johnston came close to completing another run but was held at third base for the last two batters.

Winning pitcher Bernie Nicholls pitched six innings,

giving up only one base on balls while striking out six opponents. Legion pitcher Sid Cooper pitched seven innings and gave up one base on balls while striking out six batters was well.

King Henry VIII feast: Haliburton County subjects enjoyed the Guild's medieval feast and frivolous fun

Guild of Fine Arts president Ruth Gorrie found herself in the stocks for a while last Saturday night at the whim of King Henry VIII. Her offence? Eating when the king commanded all in the room to 'drink ale'. The antics were all part of the fun at Chateau Woodland as supporters of the Haliburton Guild of Fine Arts turned out for a fund raising dinner and a chance to experience a little of the ambience of medieval England. The dinner proved a huge success for all who attended.

Happy Gang News *By Watson Anderson*

May has passed and by putting many of the plants out after the 24th we managed to get an early frost-free week. June 1 is the Haliburton outside planting time unless there is an immediate frost prediction and it seems unlikely.

The big bed is fully planted. It needs some weeding but that will not take long. The wall bed to the left of the entrance is complete with a full size trellis and all the plants there are showing.

The cherry tomatoes and musk melon are in with a lot of plastic laid down for both varieties. From now we only have to put down enough of the plastic and weed by hand as we go along to ensure a bountiful yield; providing the chosen soil has the nutrients needed.

Hummingbirds are making regular visits to our feeder. What a cute creature they are, so small they only weigh a dime. Modern helicopters are no match for their instant manoeuvrability and while the bill is extracting the nectar the body is as steady as a platform even though it is air-born. Should anyone be curious to see this it is possible to arrange it with us at reasonable daylight hours.

We were all glad to greet June Devolin Tuesday morn-

ing to lead us in another session of bible study based on the gospel according to Saint Mark. The session dealt with the early ministry of Jesus, after he had gathered his disciples. His time was spent in teaching and healing the sick many of whom were possessed of devils which he would cast out. What a curious parallel to the modern vandals who seem to be mentally sick young men or women. Each episode of vandalism is

caused by someone who is mentally ill.

Realizing this we hope that modern psychiatry will soon be knowledgeable enough to ferret them out and provide effective treatment. Surely the treatment of vandalism is urgent.

In the afternoon another game of bingo was played with Betty Wise and Carol Lewis as voluntary helpers. Ray Smith called the numbers and Ivy Shaw scrutinized the cards.

Cont'd. page 10

Brent Colliver, son of Bob and Jean Colliver of Haliburton, graduated from Laurentian University in Sudbury at the Spring Convocation, June 5, with a Bachelor of Arts degree in Economics.

Carolyn Kinsman, daughter of Mr. and Mrs. Richard Kinsman, has graduated as a Dental Hygienist from Durham College in Oshawa.

Toddlers develop self image early

By CATHERINE MILLER
Infant Development
Consultant

"On Halloween last year, two-year-old Doug went from house to house in a railroad engineer's disguise. When the neighbours asked 'Oh, are you Casey Jones?' Doug replied indignantly 'NO! I Doug Murray.'"

Through this humorous example, we can gain some insight into Doug's emerging self-concept. Researchers tell us that a child's awareness of self comes through an

interaction of his personal characteristics (eg. temperament, intelligence, talents) with the social and physical environment. This is a gradual process in which the end product, the self-concept, is constantly revised according to the child's changing capacity to conceptualize and understand the attributes ascribed to him and changing perspective on the various roles that he plays.

The Self-Concept in Infancy
In infancy, the self-concept is fostered through the plea-

sure of sensory activity. For example, trying to put a large block into one's mouth or trying to catch water as it is poured are lessons in selfhood as well as lessons about the object world.

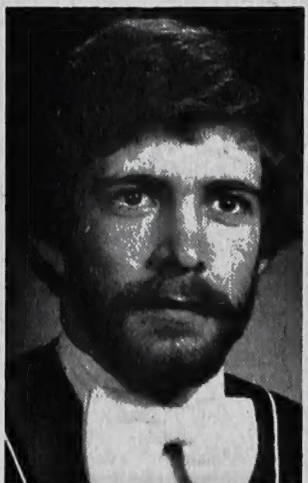

Another sign of a growing self-awareness is the self-exploration (gazing at one's hands, sucking on one's toes) and self-play (babbling, spitting out food) that all infants engage in during the first few months of life. With this exploration and play comes the realization that the infant has some control over what happens in the world around him, that he can be a casual agent. With this awareness, the infant becomes increas-

ingly sensitive to the events that occur as a direct result of this action. For example, swiping at the mobile causes motion, shaking a rattle causes sound, flicking a switch makes the lights go out, and so on.

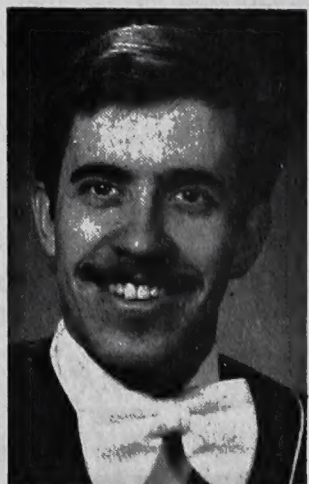

Another expression of self-awareness is self-recognition. Any parent who has observed the ear to ear smile of an infant who is looking in the mirror, will know that the infant is developing a concept of self. Researchers have found that by five months of age infants respond to several aspects of the mirror image including eye to eye contact, the de-

pendence of the image's movement on the baby's own movement, the smiling expression as different from an unhappy or fearful expression and the similarity of the visual image to past images of the child's own face.

Associated with this self-recognition is the recognition of other familiar people and objects. The excitement observed in the face of a six-month-old infant when he hears mom's or dad's voice as they come in the front door, or recognizes a familiar place (eg. his playroom) is evidence that the infant is putting together a "personal

William C. Tyler, son of Mr. and Mrs. Charles Tyler of Haliburton received his B.Sc. in Mechanical Engineering at the Spring Convocation of the University of Waterloo held on May 29, 1982 during that University's 25th anniversary. William received his elementary and secondary education in Haliburton schools.

Graeme S. Wallace, son of Mrs. Trudi and the late David Wallace of Burlington, Ontario, received his B.Sc. degree in Civil Engineering at the Spring Convocation of the University of Waterloo held on May 29, 1982. While his parents were working in Argentina, Graeme lived with his aunt and uncle, Mr. and Mrs. Glen Hodgson, and attended HHSS for Grade 13.

DISTRICT NEWS

Gooderham News

by Mary Hadley

A number of Haliburton Legion members completed a St. John's ambulance standard first aid course recently, and were presented with certificates at Branch 129's honours and awards night Saturday. Those completing the course were, front row, left: Mike Howman, Irene Higgins, Richard Fielding, Russell Sisson, Sam Swain. Back row, left: Don Johnston, Bill Mighton, Pat Waddell, and David Nimigon.

I have been away for the past month visiting in Milton and Barrie, so I've missed reporting the Gooderham news. I also visited Canada's Wonderland which I heartily recommend. The place is beautiful with its flowers, trees, fountains, the man-made mountain to climb with the Victoria Falls descending from the top, as well as many other attractions.

I enjoyed the Canterbury Theatre with its musicals such as Oklahoma. This theatre placed first in the film festival at Cannes, France, for its props. The singers and dancers are all university students.

Mabel Winder has returned from Tampa where she spent the winter months. She reports that Winder Wheel Sites camp is now open for the season. Already this year their guests have included two groups from Germany and another group from Switzerland. It seems their trip includes the rental of a camper on arrival at the airport.

The sympathy of the community is extended to the family of Mrs. Bert Mintz who died suddenly, but peacefully, last week at the age of 94 years. Her husband predeceased her recently.

Garnet Maxwell of B.C. visited his mother, Mrs. Ruby Maxwell, last week. A bridal shower was held in the United Church last Wednesday to honour Laura Parnell whose wedding to Boyd Stoughton will be solemnized later in June. A large crowd of well-wishers was present and the bride-to-be received a variety of useful and attractive gifts. Congratulations to Mr.

and Mrs. Bailey upon the birth of their 8 lb. son, Ian Gary, on June 1. Mrs. Bailey teaches at our Gooderham school.

As the school term draws to a close, there are many interesting events to report. On June 1 the dental health nurses showed the children to care for the teeth with a short play. On June 4 Constable Chapman of the OPP

spoke on bicycle safety. On June 9 a trombonist from the Guild of Fine Arts will entertain the children with his music. June 15 promises some excitement and laughs when the mothers compete with the students in a baseball game, if the weather permits. June 22 is Play Day. The children will participate in outdoor games and activities. June 24 is the long-awaited day for the annual

school bus trip - this year to the Metro Zoo.

Mrs. Barr, of Lindsay, is visiting her daughter, Marilyn Billings.

Mr. and Mrs. Tommy Mintz visited Mrs. Grace Billings on Sunday. They have spent the past year in Canada and will return shortly to their home in Sussex, England.

The Fellowship of Faith will be held at Birch Cliff

Lodge, Baptiste, starting on Friday evening, June 11 all day Saturday, June 12, and Sunday morning, June 13. Everyone is welcome to this time of inspiration and sharing of your faith.

Remember the foot clinic, sponsored by the Gooderham Senior Citizens and the Health Unit. It is held every third Thursday afternoon at the Gooderham Community Centre. Call 447-2803.

Carnarvon News

The last meeting of the United Church Women until September was held in the community centre building in the form of a pot luck lunch. There was much discussion of events to take place during the summer months. After the devotional, Mabel Russell and Elsie Bursey told the U.C.W. about their Australian trip and Elsie showed some interesting slides.

Mr. and Mrs. Al Rauchins have been visiting here. They are enjoying living in Vancouver and have been to Europe before coming here.

Gail Barnhart was in Sick Children's Hospital in Toronto for surgery. Her mother remained in Toronto for the week she was there.

On May 29, Susan Allcorn, daughter of Phil and Marg and granddaughter of Gordon Allcorn was wed to Peter Gilbert of Montreal. It was a morning service and took place in Willowdale Bible College. A reception followed at the Inn on the Park. Gordon was pleased to

have a grandson fly in from Kamloops, B.C. for the service and a granddaughter, who had just graduated in music, was also in attendance.

Uncle Bate, as everyone calls him, was in attendance and will be 95 this year.

After attending the wedding, Mr. and Mrs. Windsor spent several days with Mr. and Mrs. George Cowan of Brampton.

Mrs. Vera Harrison had her 90th birthday June 2. The birthday was celebrated over the week-end. Her daughter Ruth and husband took her to Toronto to be with her son Barry. Her wish was to find her mother's old home in Queensville, but they were unable to find it after so many years.

Vera is in good health and Wilfred Mason tells us she was his first teacher.

On June 4 Leigh Sisson had his 90th birthday. Isabel Sisson treated him and his wife to lunch and there was an open house in the af-

ternoon. Leigh was surprised when Wray and June Sisson from Schreiber and Ruby Sedose from Belleville arrived.

Leigh is still in good health and can still walk a mile or two.

Edith Sovereign of Cal-

Kinmount Korner

by Millie Moss

Mr. and Mrs. Robert Walker, Mr. and Mrs. Charlie Kinghorn spent a Tuesday recently in Mount Albert. The Walkers spent Thursday with Bessie Sedwick in Fenelon Falls and Leona Kabay visited with the Walkers on Sunday.

Happy birthday to Ryan Lueck of Don Mills. Ryan is the grandson of Joan and Ken Hyams of Kinmount.

A very happy forty-third

anniversary to Joan and Ken Hyams on June 10.

It's truly amazing the amount of talent one can find in our area! The Spring Festival of the Arts in our town is over for another year and I think it could be considered a success. We had a good crowd show up for the viewing, considering it was held on a Friday, and had many compliments. The wall

hanging made by Ken Hyams for our church centennial year was chosen as "Best of the Festival" by Elizabeth Luzak, chairman of the Festival of Arts. It will be displayed during the month of September, 1982 at the Lindsay Gallery.

Irene McNamara was there with a collection of her tatting and plates. She was pleased to demonstrate her tatting technique.

The Zandstras had a display of hand carved blanket chests, quilts, pillows, a rocker and a rag doll.

Hurley Bennett displayed his sets of wooden kitchen tools.

The Bennetts and Hayashis displayed leathercrafts.

Jean Farrell was on the stage working up a storm on her spinning wheel and Susan Dettman in her "Crazy Cook" apron showed us how to decorate a cake. Aileen Brown was there with her poetry, doll cake and other hand made items.

Helen Graham and Elizabeth Fryer were there with their crocheted and knitted items, dried flower displays, plaster formed wall hangers and picture frames and oil paintings. Mr. and Mrs. Herb Fischer had a big display with paintings, robes, puppets and hand carved sewing chest done over 100 years ago. Really, there were too many to mention here.

I had opened the Community Hall door at 9:45 a.m. and already a lady was waiting with her display of afghans and lace tablecloths. By 10:30 a.m. some displays were stored below tables to wait for an available space.

The A.C.W. ladies did a terrific job at the booth selling home baking and home

made lunches. My personal thanks to Joan Hyams, Ken Hyams, Bill Wilson, David Anderson, Father Brooks, Ida and Clyde Pardy, Bill Moss, Win Wilson and Joyce Brown who all helped greatly both in setting up and clearing the hall later. Many thanks to the many people who made the Festival a success, who by displaying their quilts, ceramics, christening gowns, woodworks, fishing lures and crafts from the past and the present. Thanks to Julie Brown for the rag doll she made and to all the folks at Crystal Lake who participated and to Hilda Chynoweth of "You, Us and Co." for sitting and working on her crafts.

Finally, thanks to Sue Cooper of the Haliburton County Echo for being thoughtful enough to take time out of her busy schedule to pay us a visit with her camera.

The efforts of all of you are appreciated and thank you for backing the festival as you did.

The North End Track and Field Meet was held at the Kinmount Fair Grounds on June 1. The five participating schools were Cobocok, Kinmount, Burnt River, Norland and Kirkfield.

Medal winners from our school were: gold - Kim Bennett, silver - Christina Fountain, bronze - Molly Suckling, in the girls junior division. In the intermediate division: gold - Jennifer Dettman, silver - Sheri Ma-

ifornia is visiting her sister, Laurel Tompkins.

An open house was held in the Christian Education building Friday night in honour of Mr. and Mrs. Al Rawlins. Lil had worked for some years in the senior citizens' home in Minden and those who remembered her came by bus. It was a musical evening with a delicious lunch.

Saturday a wedding service was held in Zion Church by Rev. John James of Haliburton for Caroline Murray of Oshawa and Scot Harrison, son of Roger Harrison and grandson of Mr. and Mrs. H. Burton and Mr. and Mrs. Bert Harrison.

Lisa, sister of the groom, sang two solos.

The young couple will reside in B.C. Attending the service from that province were her great grandmother and sister. Congratulations.

gee, bronze - Lori Newman. And in the senior division: silver - Vicky Swinson. The boys primary division bronze medal went to Danny Swinson.

The Bexley Township Trophy was presented to Cobocok for accumulating 144 points to give them first place. Our school placed second with 125 points to give them first place. Our school placed second with 125 points. Burnt River, Norland and Kirkfield accumulated 76, 71 and 50 points respectively.

The first and second place winners in each event will go on to compete at the Lindsay Track and Field Meet on Tuesday, June 8. Our school will be represented by Kim Bennett, Molly Suckling,

Christine Fountain, Glenda Martin, Jennifer Dettman, Lori Newman, Sheri Magee, Joanne Swinson, Vicky Swinson, Barbie Fountain, Robbie Dettman and Michael Zandstra.

Thank you for the concern during the illness and death this past week of my Uncle Jim Ash. He was in World War 1 at the age of 17 and joined up again in the Second World War in 1939.

Sympathy is also due to Eugene Rafuse and his family upon the death of his father at a very early age.

Stay well, be here next week and remember "a closed mouth gathers no feet." Give me a call at 488-2399 if you have any news.

Guilford Pulse Beat

by Bill Wood

Hello neighbours. Here's another week of news for you from your roving reporter.

Evelyn Robertson called me last Sunday with all the news from the Fort Irwin Residents Association. The June meeting was held at the home of Shirley Mark and was co-hosted by Louise Adair.

Joan Filman, the Association president, welcomed Cheri Bruce back from Brazil. Cheri was an exchange student in South America. Welcome home, Cheri.

A committee was appointed to handle all craft sales at the West Guilford flea market, July 1 and the July 3 flea market at the Legion in Haliburton. Lil Haight has offered to

convene a bake sale and bazaar to be held July 17 at Heinz Enterprise at Fort Irwin.

The ladies are very pleased with the progress the local men have made on the Fort Irwin Resident Association club house. The men volunteered their labour to construct the 30 foot by 32 foot building, with the help of an Horizon grant. They have worked long and hard hours to complete this club house so the FIRA can have a more central place for their many activities. A tip of the "Good Neighbour Hat" to each and every one of these dedicated volunteers.

Craft Day was held at the home of Mayme Douglas. Marge Fisher was the in-

structor for this particular craft day project.

The FIRA are having luncheon at Wig-A-Mog Inn, Wednesday, June 9. Please remember to bring your gift for your secret friend.

The first euchre club meeting of the month will be held June 9. The second meeting will be June 23. The meetings will be held at the home of Alma and Larry Barjarow at 8 p.m.

September 7 is the scheduled day for the next general meeting of the FIRA. Remember the membership fees are due at that time!

Evelyn Robertson and all the ladies from the FIRA wish all the Guilford area people a nice summer.

I spent a little time and

money at the St. Anthony Church's yard sale Saturday and picked up quite a few bargains. It was a pity I didn't get there earlier, when the selection was even better. It was well worth the trip to this fine new church and I know that all the Parishioners will enjoy their new house of worship.

There are only a few tables left for the July 1 flea market at the West Guilford Recreation Centre. I know there will be lots of merchandise at bargain prices. George and Edna Tipton have rented a table to display their plants, flowers and other floral displays. This "green-thumb" couple grow all their plants and flowers in their own green house and have won many prizes in several horticultural contests with their entries.

Mrs. Ron Sisson has booked a table the St. Andrew's Church and Marge Nicholls has booked her second table for the Canada Day Celebration.

I hope we have one table booked for some baked goods as they always seem to sell well. Besides, I get hungry after standing around at my table all day. Call Jean or myself at 754-2854 to book your table now.

I've run out of household hints, girls, so give me a call at the above number so I can get some in the next column.

Dorset News

by Phyllis Briscoe

"A coffee break is when the second one is free, and that's rare these days."

The Lions Bingo will be starting for the summer on Monday, June 28, at 8 p.m. at the Dorset Community Centre. There will be bingo every Monday and Thursday throughout the summer, until September 2, so come out and try your luck and support your local Lions.

The sympathy of the community is extended to the family of Madeline Lupton, who died at the Huntsville Hospital on Saturday, May 29.

The men of Knox United Church are holding their 17th annual auction sale, at the Sherbourne garage on July 3. In the afternoon the church ladies are having a flea market and bake sale so there is plenty of entertainment for everyone. Don't forget the date.

The foot clinic will be held on Wednesday, June 16 and

will be the last clinic until September. If you wish to cancel your appointment please call 2237.

A house guest at the Rectory last week was Lynn Currie of Edmonton, a nurse whom Lorna worked with at the hospital there.

There will be a Tupperware Party on Wednesday, June 16 at 7:30 at Knox United Church. This is sponsored by the Ladies Auxiliary of the Dorset Guide Company and the proceeds will go to the various groups. If anyone cannot make the party Joanne Buss will have a catalogue and you can place orders. Also, if anyone has any complaints on previous purchases they may air them at this time. There will be free gifts, door prizes and a lunch.

Rev. Murray Bradford and his wife Lorna drove to Burks Falls on Wednesday, June 2 to have lunch with Murray's mother, Mrs. Nora Bradford, on her 88th birthday. She is

still going strong. We wish her many more. Two local birthdays on Sunday, June 6 were Brad Robinson and Jack Clayton. Belated best wishes.

The Dorset Senior Club held their last business meeting for their final year on Wednesday, June 2 with a pot luck supper preceding the meeting. There was an abundance of food. The meeting followed with a wind-up of activities during the past 10 months and an election of officers. The executive for the following year is as follows: president, Len Seedhouse; vice president,

John Stewart; secretary, Gwen Raven; and treasurer, Art Walkden. We wish them all the best in their future endeavors. The club will continue with Wednesday night meetings during the rest of June, then during July and August the facility will be open on Tuesdays from 1:30 - 4 for those who want to participate in crafts. Ralph Raven is working on a bus trip to Woodbine race

track for July 22 if he can get enough prospects to make it feasible.

The Community Centre 50-50 draw for May was won by Mike Baum with ticket number 8.

H.H. Don't throw away the styrofoam dishes from under the hamburger or chicken you buy at the store. They can be washed and used them under your plants or for plates to take to a picnic.

Self-image

Chatting with Irene

by Irene Moore

Last Friday morning saw what we all hope was the last trip that the old bank, then the library for over 20 years, will take. It is now on the pad and when ready will house museum items from the area. In a way it seemed rather sad, as I saw it moved from the corner, to make way for the new Bank building. To watch its stately procession down main street brought a lump to my throat.

The contractor who built the new Bank was going to tear it down, but said if we could raise \$500 we could have it for the library. Annie Cox donated the land, while the rest of us tried to raise the money. We got it and Hugh Alton moved it for us.

Thanks to Wm. Simmerman, his men, the Hydro men and the Bell Canada men, she is at her final home.

Now it is up to the Museum Committee to see that she retains her dignity as a Museum.

Remember that the Haliburton County Fair barbecue and dance is at Minden Community Centre this Saturday evening, June 12. The meet and greet runs from 6-7 p.m. with the barbecue from 7-9 p.m. and the dance from 9-1 a.m. Music will be by the Misty River Ramblers. Get in the line early.

Monique Besner and Fern Besner of Kapuskasing arrived at Bud Stamp's for the week-end. Monique went

home but Fern is staying for a visit with her mother Irene Stamp and other relatives.

Nameplates are still available at the Cultural Centre, if you wish to have your name on the wall, please call 286-1216.

Did you know that Herbs are good for many things other than just cooking? Mint was used in ancient times to soothe nerves. Marjoram was used to relieve fatigue; a tablespoon of these herbs was added to the bath water to achieve the desired results.

A rinse to darken the colour of hair can be made by allowing 1/2 ounce of sage to sit in one pint of boiling water for one hour. Use as a rinse after shampoo. Dull hair takes on new highlights when 1/2 ounce of rosemary is added to one pint of boiling water and allowed to sit for an hour before being used after shampooing. Camomile tea will bring out the highlights of blond hair.

Mr. and Mrs. Lloyd Brownridge of Scarborough are at their cottage for a few days.

The Oriental brush paintings of Sue Tabushi are at the Agnes Jamieson Gallery now and will be there until June 19. The official opening will be held on June 10, everyone is welcome. Having seen this exhibit already, I'm sure you will enjoy it.

Have you tried Rhubarb

Bread: If not try it now when the rhubarb is tender. Take 1 1/2 cups brown sugar, packed; 2/3 cups cooking oil; 1 egg; 1 tsp. salt; 1 cup sour milk; 1 tsp. vanilla; 1 1/2 cups diced rhubarb; 2 1/2 cups unsifted flour; 1 tsp. soda; 1/2 cup chopped nuts; mix ingredients in order given, divide batter and pour into two greased and floured loaf pans. Bake in a 350 degree oven for 40 minutes. This bread is very good and so moist it keeps well.

There was an excellent crowd at Mr. and Mrs. Bill Hogg's wedding dance last Saturday and everyone enjoyed themselves.

Mr. and Mrs. Bert Chamberlain of Scarborough visited with friends and relatives last Saturday.

There will be cartoons this Friday evening at the Common room, starting at 7:15 p.m. Remember the date

June 11.

Summertime is coming back to Minden on June 29 at 2 p.m. Plan to join in the fun.

One thing I have learned is you can't lose weight by talking about it. You have to keep your mouth shut.

The Martha group of the UCW are having their supper, fun night meeting at the United Church on June 23. Join them if you can, contact Lillian Mann for time.

The Minden Women's Institute are holding their pot luck picnic on June 16, contact Mrs. Sears at 286-1538 for more information.

Have you read any good books lately? If not try Max Braithwaite. I'm reading his The Commodore's Barge is Alongside right now and have had some good laughs about the Navy in the flat ground of the West. It is really funny.

Senior League

by Bert Harrison

Servies was held in the Chapel Sunday night. It is nice to have the Harold Thompsons back again. Harold read the lesson, also lead in prayer. Mrs. Thompson played the music. Rev. Burgess spoke on "my meat is to do the will of him that sent me".

Monday afternoon ladies were in the craft room getting ready for their bazaar. Mrs. Eastman has knit seven afghans so far. We watched two movies Monday night: "Building the Alaska pipe line" at such a price. Then "New Zealand", which was really nice.

Tuesday morning Rev. Wicks of Minden Gospel Church held services in the chapel here. We sang "There shall be showers of blessing, oh that today they might fall", and they did, whether we needed them, or not, after all the rain we got.

We thank them both for coming on this first day of June. Rev. Wicks to give the message, and Fred Ballard to play the tunes.

The Earl Cooper family came to entertain us Tuesday night. They surely know how to do the job and do it just right. They played some real toe-tapping tunes, and entertained us so, until Earl got word his cattle broke out and they just had to go.

Doris said "Would you like to go for a bus ride, this lovely June day. We are going to Cullen Gardens, down at Whitby, by the way". I said I would like to go but, alas and alack, if I go down there, they will never let me back.

A lot of residents went from here and all back did land, and they said the gardens were simply grand.

Thursday afternoon the ACW ladies from Wilber-

force put on a tea party. 'Twas a lovely June day. We thank them all for coming from so very far away. Thursday night, the Bingo was put on by the Kinsmen Club. The ladies, Marj Young and Marg Prentice did the job real well instead of the men.

Sing-song time again this Friday afternoon. Our entertainers came again to play and sing some tunes. Grace generally has a couple of poems, which help to entertain, and we look forward to the time, when they come back again.

The Brown's have gone to Montreal to attend their

Licence fees

from page 3

from \$11 to \$19. Other driver's tests, mainly the vision and written examination, are increased from \$3 to \$5.

In addition, all motor vehicle transfers, fit and unfit, will now cost \$5 with a couple of exceptions. Exceptions will include licensed motor vehicle dealers who will now pay a \$2 transfer fee when the vehicle is being held for resale.

Coboconk News

by Shiela Lake

Mrs. Joyce Paull of Bexley has been a patient in Ross Memorial Hospital, Lindsay where she had surgery recently. I trust you are feeling better, Joyce!

Winners in the senior's card games on Tuesday night were: Annie Watson, Bessie Sedgewick, Robinette Harding, for the ladies, and Leslie Thomas and I. Lucas for the men. A consolation prize went to Hilda Chynoweth. The most lone hands for the ladies went to Hilda Woodcock with the most lone hands for the gentlemen went to Tony Kenneth with five.

Bridge winners were Vi Gange with 5320 points, C.M. Steeves ("Stevie") with 4760 points and Bill

Grumwell with 1400 points.

Ruth Rutter and Cora Lake visited their former sister-in-law, Ethel Everson in Lindsay one day last week.

John Burgess of the Coboconk Feed Mill has added coverage in area to house his plants, tools, pet food, etc. Just try and see the fellow one of these week-ends, he is as busy as a humming bird at a holyhock!

I trust you are enjoying the lovely spring weather.

Several of the local council members and wives attended a meeting in Thunder Bay last week.

Rev. and Mrs. B.H. Cross on their way to Winnipeg had car problems at Thunder Bay and were stranded there for three days.

from page 7

inized and scrounged for the prizes. It was a good game and Harold McKelvey won four cards in a row. Not bad!

In the evening there was a surprise. Merina and Miles Maughan of Haliburton have a group of boys and girls of mixed ages that they are tutoring in piano. They brought this group to the auditorium of extencicare to show us the progress in piano technique.

We all agree that they are a remarkable lot of musical eager beavers. There was no need to coax or drag any of the participants to the piano. They all came smiling to the keys and each solo or duet was a winner. Keep up this good work Merina and Miles.

Wednesday we got together, Hyland Crest senior citizens' home from Minden and the Happy Gang of extencicare in Haliburton, twelve from each on the all-purpose van belonging to Hyland Crest and took a trip to the Cullen flower and nursery gardens near Whitby. Through the combined efforts of Doris Robertson, activities director for the Minden group and Ivy Shaw of the Happy Gang, good order was maintained. It was a lovely outing and the Cullen Gardens are well worth a visit. Looking at their

display one gets the impression that is where all the plants, shrubs, trees, and seedlings sold in Ontario come from. But that would be wrong, because there are many such places. Between them Ontario will soon be flowered or forested over.

The van is nice to ride in, compact and every easy to handle. It holds 24 so on this trip it was filled to capacity.

Extencicare escaped any frost damage early Thursday morning but for a time there was a heavier frost predicted for Friday. Fortunately a warmer weather system took over that will probably leave us frost-free for the summer.

Lorna Hogg informs the Happy Gang that her son Bill is getting married Saturday to Cindy Ackley. It must be a momentous decision for any young man to leave single status and embark on the sea of matrimony from which there is no return. We trust that Cindy will be kind to Bill.

This hummingbird feeder is quite a toy for us and Thursday one of those ruby throated hummingbirds came up for a feed of nectar. These little creatures must be miniature power houses that require a lot of food - nectar for carbohydrates and black flies and mosquitoes (matched on the wing) for the

protein. Perhaps they could simply be an electronic packet.

Liet. Sidney Buell of the Haliburton Salvation Army, his officer-pianist wife, Beverley and their two children conducted the Friday morning devotional period. The theme was taken from Matthew chapter 4 that relates the temptation of Jesus by the devil. This creates a problem for me because, from a scientific point of view, there is no devil and no sin, therefore no sinners. Misconduct arises from an error in judgement or from a psychiatric disorder or illness and is a matter for the healing arts. To recite the apostles creed bothers me.

This is the first time, we believe, that lieutenant Buell and his family have bided with us for a snack of tea and cookies and a chat, and we thank them for their concern for our spiritual welfare.

Two movies were shown in the afternoon, with Ray Smith as projectionist. The first was Song of the Mountains depicting the extraordinarily beautiful Jasper National Park in British Columbia. The fishing was superb, to our envy. But the elegant mountains are unclimbable for us and long distance travel like that

Children services need coordination

Committee members assembling statistical data for submission

by SUSAN CLEMENTS

A local children's services committee is seeking to establish a case coordination programme for special needs children in Haliburton County.

Committee members are assembling statistical data for a submission to the province for this programme. Belinda Brown is finalizing the job description. Gerald Bain and Cathy Pittaway are ascertaining the number of potential clients for the programme, and Blanche Turner is defining terminology. Stuart Baker, the chairman of the committee, is preparing an annual budget.

Seventeen months ago, the Haliburton County Local Advisory Board on Children's Services (HCLAB) was formed. The board, consisting of representatives from the fields of health, education, social services, and justice, is designed to plan and coordinate services for children.

After five months of work the board submitted a report to Children's Services Steering Committee, and the province, and which expressed the need for: enhancement of parenting skills, subsidized child care services, self-help group for teenage mothers, provision of information and professional services through a county wide mobile unit, employment of a full time county based coordinator and establishment of a monthly reporting system.

These needs were determined through interviews, examination of case studies, submissions from local service providers, and an examination of government and local reports.

After a review by the province, HCLAB received approval in principle to fund the case coordination project in the amount of \$35,000. The province has requested, however, that a formal proposal be submitted and that an administrative official be

selected for programme.

This official will be called the Case Coordinator for Special Needs Children. He will collaborate with social and helping agencies to ensure that Haliburton County children and families receive the full range of services that they require.

The coordinator's duties will include case management, liaison, advocacy, and promotion of an awareness of special needs children in the county.

In view of the fact that the province has encouraged the local committee to pursue this venture, it is reasonable to expect that the local efforts will be rewarded. Certainly, the contributions of the members of HCLAB should not go unnoticed.

Upcoming Social Planning Council Meeting

Linton Heth, executive director of the Addiction Research Foundation in Peterborough will be the guest speaker at the Haliburton

County Social Planning Council meeting on June 23.

Mr. Heth is interested in exploring the possibilities of outreach assessment services in Haliburton County.

The meeting will be held at the Haliburton County Board of Education building from noon to 2 p.m.

Anyone interested in this subject is welcome to attend. All social planning council meetings are open to the general public.

Queen's Park Report

by John Eakins, MPP

My colleagues and I have renewed our call for a wide-ranging public inquiry into the recent infant deaths at Toronto's Hospital for Sick Children.

We all appreciate that the Hospital for Sick Children is one of the most respected institutions of its kind in the world. But no one can deny that the recent traumatic events have left a black cloud hanging over the hospital.

It seems to me that for the hospital and, indeed, for all those who care about the services it provides, the challenge is clear: we must ensure that the high level of public confidence in the institution continues.

There remain a large number of unanswered questions surrounding procedures at the hospital. These relate to both internal procedures, with respect to how it responded to the tragic events as they unfolded, as well as the hospital's procedures in reporting to the Coroner's office and the Metropolitan Toronto Police.

These are matters which I believe should be addressed by a public inquiry. At the very least, Health Minister Grossman should require that the

Farmstead Improvement Program

Last week's report contained information on the "Farmstead Improvement Program 1982" which was announced in mid-May. Since then, the Lindsay office has been inundated with inquiries from local farmers.

While the application forms have been received, the brochures outlining the program are not expected to arrive until the end of next week. It was intended that the brochures accompany the applications to the farmers. However, due to the number of requests, application forms only are being sent to those farmers who have requested them.

Funds for this program have been allocated based on the number of farmers per county. The number of farmers in Victoria - Haliburton counties who have already requested application forms for this program will more

than use up the funds which have been allocated to us. This program is certainly popular.

Hay Crop Looks Promising

Last Thursday, a number of hay fields in Victoria County were inspected in relation to the Forage Crop Competition at Lindsay Central Exhibition.

The hay crop appears to be very good this year. There has been tremendous growth during the past week and a half, since the rains on the Holiday week-end. There were no alfalfa fields at the bud stage yet, but several fields of early varieties were getting close to budding.

Several dairy farmers who plan to harvest their forage as haylage indicated they would start harvesting by June 1.

There was very little evidence of alfalfa weevils last week. Perhaps the cool damp weather has slowed down the hatching of weevil eggs. Farmers are reminded that the weevil can be a serious threat to alfalfa. The only reasonable control method is to cut infested hay fields as soon as possible.

We did find a number of fields infested with Alfalfa Blotch Leaf Minder. This is a relatively new insect attack. Please turn to Page 14

And take notice that after the last date named, the assets of the said Estate, will be distributed among the persons entitled hereto by the Executors of the Estate, being Frances Elizabeth Hastings and Lenore M. Kennedy, having regard only to the claims which the solicitor below shall have notice.

Dated at Haliburton, Ontario this 27th day of May, 1982.
Raymond G. Selbie, Barrister and Solicitor, P.O. Box 186, HALIBURTON, Ontario, KOM 1S0. 33-CA-16

From the chamber

from page 5
space at the Chamber was being put in place. Both the Bell Telephone and the Hydro services were on the wall to which the new addition was being attached so they had to be disconnected for most of the day. By 3 p.m. everything was back to normal (almost) and we must sincerely thank the local staff of both Bell and Hydro working so cooperatively to keep the interruption to a minimum.

We are now in the process of moving our offices into the new facilities and we look forward to serving the community better with this addition. The first positive step is that this column is being written in the relative privacy of the new office and should, I hope, improve having been removed from the former storage room that we were using.

Where's the Balloon

Many people are asking us about the infamous Balloon promotion program that we put together with Sky Slider operator Steve Bowskill. Over \$8,000 in pledges have been committed to the idea of flying the balloon at shopping malls in Toronto with our "Haliburton Highlands - Your's to discover" banner on one side while appropriate brochures would be distributed within the mall.

The pledges have not been collected since, to date, no schedule has been set for flying the balloon. An initial flight had been scheduled for Don Mills plaza on a number of occasions, but each time had to be cancelled due to weather conditions.

When this flight does take place the managers of each plaza who will be in attendance can book tentative dates for their malls.

In the meantime very little money has been collected and none has been expended by the Chamber. Steve Bowskill on the other hand has already made a substantial investment in the huge banner that will go on the balloon. There are certainly more problems with the scheme than were envisaged but all efforts are being made to get on with it at all possible.

terms of reference of the Dubin Commission are sufficiently extensive to allow the Commission to investigate these items.

There are a number of questions which should be considered by public inquiry:

*A hospital study in early 1981 showed that 15 of 20 deaths between July and December 1980 were unexpected. When did the cardiac unit notice the unusual incidence of deaths and what did the unit consider to be the cause?

*Why did the hospital make that study and why wasn't the coroner told about the unexpected deaths, as required by law?

*Were the parents of the children whose deaths were probed notified?

*The coroner learned that high levels of digoxin, a potent heart drug, were found in one dead infant and, coincidentally, was later told that of another strangely similar death. Had a pathologist reported to another coroner, as could easily have happened, the deaths might not have been uncovered. What systems are required to ensure better coordination of information to the coroner's office?

*The police were told of numerous unexplained deaths in the cardiac ward in early 1981. Why have they not yet determined, 15 months later, if any of these deaths were homicidal?

*Why was Susan Nelles charged after only a few days of police investigation and what were the bases for the charges?

*The police decided to start an investigation on March 21, 1981, after being told of two specific deaths, but did not actually start the investigation until March 23. Meanwhile two more babies died. Why was the investigation not begun immediately and why did the coroner not insist on this?

*Why did the Crown not withdraw the charges against Nelles when it became known she was not on duty when one of the deaths occurred, given the

John Eakins

Crown's case was built on the credibility of circumstantial evidence?

Ontario Renter-Buy Program

Ontario residents renting for at least 12 months prior to October 30, 1982 (or 12 months prior to date of closing a purchase); or first-time home-buyers, who meet the residency requirements may benefit under a new government program. The program applies to units suitable for permanent, year-round living that have not been previously used for residential purposes and includes condominiums, mobile homes and owner-built units, but not housing on the resale market. Purchase prices must not exceed \$115,000 in

the general Metro Toronto area and elsewhere in Ontario, the maximum price is \$90,000. The minimum qualifying price is \$20,000.

Purchases must be made between May 14 and October 30, 1982, and units must be occupied as a principal residence prior to April 30, 1983. The buyer makes a minimum down payment of 10 per cent. The loan will amount to an additional 10 per cent, up to \$5,000, so the loan forms part of down payment. The loan is interest-free for 15 years and repayments begin in 11th year. Individuals and couples are eligible for assistance.

For information, call my office, or phone direct, 1-800-268-1158.

Farm News

from page 11

ing our alfalfa fields. The adult is a small fly which lays eggs on the leaves. Upon hatching, a very small maggot feeds inside the leaflet, leaving an irregular white channel throughout the leaflet. Again, early cutting of first cut hay should control the first generation of this pest. The second and third generations can cause more damage on second cut alfalfa.

75 Years of Service

The Lindsay Agricultural Office has been serving the people of Victoria and Haliburton Counties for 75 years this month.

In June of 1907 F.H. Reed,

arrived in Lindsay to open the Agricultural Office and serve as Agricultural Representative (AR) for the Ontario Department of Agriculture. He had recently graduated from the Ontario Agricultural College in Guelph.

The office in Lindsay was one of six original offices, opened on a trial basis in Ontario that year. This was the start of agricultural extension work in North America.

Today every region of this continent and most countries of the world have agricultural extension programs patterned to some extent, on the program started

in Ontario in 1907.

Reed served as AR in Lindsay until 1909. That year he was succeeded by D.A. MacKenzie who served as AR until 1913. Then A.A. Knight was AR until 1926.

In 1926 Matt H. Winter became AR serving in that capacity until 1948. LeRoy G. Brown was AR here for 26 years, from 1948 until his retirement on December 31, 1975.

From 1909 to 1925 a number of people were assigned to Lindsay for short periods of time to assist the AR with specific programs such as the short courses for Junior Farmers, or School Fairs. In

1952 an Assistant AR and an Agricultural Engineer joined the staff on a full time basis. The Home Economist transferred to Lindsay in 1954.

The current staff in the Lindsay office include Joye Barwell, Joan Miller, Carm Hamilton, Mark Leahy, Bert Moggach, Barn McNinch, Neil Moore, and Dale Toombs.

From June 7 to 10, the Ontario Ministry of Agriculture and Food is recognizing the 75th anniversary of extension work in Ontario at the Annual Conference for extension staff, being held at the Ontario Agricultural College in Guelph.

SENIOR CITIZENS' WEEK

Senior Citizens' Week has been announced and will be held on June 20 - 26th, 1982.

Ontario salutes the ever-growing contribution of its seniors to the quality of life.

One of the highlights in the area is the Annual "Over 70's Dinner" at Hyland Crest, where the 12th annual dinner and entertainment will be held on Tuesday, June 22, 1982. So many have enjoyed the hospitality in the past a repeat is inevitable. Plans are going forward in anticipation of a get-together to out do all others. Further news and announcements will be forthcoming.

The invitation to attend is open to all who are 70 years of age, along with their spouses and/or escort. The dinner is sponsored by all the municipalities of the county and is put on by the staff of Hyland Crest with the help of volunteers.

We are looking forward to seeing you on Tuesday, June 22 at 5:30 p.m. If you can attend, please let us know by June 16 and join the happy crowd.

Thank you.

Mrs. Olive Hamilton,
Acting Administrator.
